

Listing of Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Claims 1-44 (Cancelled).

45. (Currently Amended) A bracket for mounting a pump to a rail of a comestible fluid container rack, the rail including at least one groove, the pump including a ~~first protrusion~~, a first aperture, and a ~~second protrusion~~, the bracket comprising:

a substantially planar body including at least one edge that ~~slides~~ is adapted to slide along the at least one groove of the rail;

~~at least one of~~ a lever, at least one finger, and at least one boss coupled to the substantially planar body;

~~the lever including a second aperture to receive the first protrusion of the pump;~~

the at least one finger adapted to be received by the first aperture of the pump; and

the at least one boss ~~receiving~~ adapted to contact ~~the second protrusion of the pump.~~

46. (Previously Presented) The bracket of claim 45, wherein the at least one edge of the substantially planar body is beveled.

47. (Currently Amended) The bracket of claim 45, wherein the lever ~~snaps~~ is adapted to snap onto a ~~pin~~ portion of the pump, and wherein the lever is pressed to release the ~~pin~~ portion of the pump.

48. (Previously Presented) The bracket of claim 45, wherein the lever is integral with the substantially planar body.

49. (Previously Presented) The bracket of claim 45, wherein the at least one finger includes two fingers integrally coupled to one edge of the substantially planar body.

50. (Previously Presented) The bracket of claim 49, wherein each one of the two fingers includes a first portion perpendicular to the substantially planar body and a second portion parallel to the substantially planar body.

51. (Currently Amended) The bracket of claim 45, wherein the at least one boss includes two bosses raised from the substantially planar body, the two bosses spaced to frictionally secure the second protrusion of the pump, ~~the second protrusion including a rail on a side of the pump.~~

Claims 52-61 (Cancelled).
